SESSION OBJECTIVES

Our educational objectives are to discuss the most recent research in the field of nutrition support. All our topics are knowledge based with the following objectives:

The Global Malnutrition Score: Improving Interdisciplinary Care While Bringing Malnutrition to the Forefront of Quality Healthcare

1. Describe the GMCS and its application in the acute care setting, and how to calculate the measure.
2. Discuss implications of implementation.
3. Break down misconceptions and offer possible solutions to implementation barriers

Persistent Inflammation-Immunosuppression and Catabolism Syndrome: When Survival is not a Cure

1. Describe the evolution of our understanding of sepsis pathophysiology, chronic critical illness, and the persistent inflammation-immunosuppression and catabolism syndrome (PICS)
2. Discuss the unique challenges associated with PICS and their detrimental consequences
3. Identify interventions for other hypercatabolic illnesses which may prove beneficial in the treatment of PICS patients

Promoting the Clinical Practice of Nutrition

1. Realize tools available to expand practice
2. Understand influence must reach beyond nutrition community
3. Appreciate how to incorporate next generation

BREAKOUT SESSIONS

OBJECTIVES

Reframing Blended Tube Feeding: A Commonsense Approach

1. Evaluate research regarding blended tube feeding
2. Recognize the disconnect between clients and nutrition professionals
3. Discuss practical ways to implement blended tube feeding

Enteral Feeding Tubes: A Practical Hands-On Approach

1. Name three types of enteral access devices.
2. Describe proper care and positioning of various enteral access devices.
3. Describe prevention and troubleshooting techniques for potential enteral access device problems.

Interpreting the Medical Literature

1. Understand the strengths and weaknesses between observational trials and RCTs.
2. Understand the role of clinicians and epidemiologist on a guideline committee.
3. Appreciate the positive predictive value of a study in seeking the truth behind clinical research.

CONTINUING EDUCATION

Dietitians-Prior approval for 6.0 hours of Continuing Professional Education Credits (CPEUs) has been submitted to the Commission of Dietetic Registration

**Commission
on Dietetic
Registration**
the credentialing agency for the
Academy of Nutrition
and Dietetics
